Education

2011–2017 **PhD in linguistics**, *The University of Massachusetts*, Amherst, USA.
Thesis: Responding to questions and assertions: embedded Polar Response Particles, ellipsis, and contrast, supervised by Rajesh Bhatt and Vincent Homer
Graduation date: May 2018, CeDID: 1896-E4E4-J5U3

2009–2011 **Master's degree in linguistics**, *Université Lumière Lyon 2*, Lyon, France, *summa cum laude, valedictorian*.
2011 thesis: Valency in Karata, supervised by Denis Creissels & Colette Craig Grinevald
2010 thesis: Spatial cases in Karata, supervised by Denis Creissels & Colette Craig Grinevald

2005-2008 **Bachelor's degrees in English and Spanish**, *Université Catholique de l'Ouest*, Angers, France, *summa cum laude, valedictorian*.

Professional appointments

2022–now **Research fellow (chargé de recherche)**, *CNRS, appointed to Laboratoire de Linguistique de Nantes, Université de Nantes*, France.

Paternity leave April-May 2025

2020–2022 **Associate professor (maître de conférence)**, *Université de Poitiers*, France.

2017– 2021 **Postdoctoral researcher**, *Surrey Morphology Group, The University of Surrey*, UK.
Project: The verbal morpho-semantics of plurality in Seri. (PI: Matthew Baerman, Co-PIs: Patricia Cabredo Hofherr, Carolyn O'Meara)

Grants

2026 Summer school organization grant. PI, 7,550EUR, Van Riemsdijk Foundation.

2026 Ecole thématique grant. PI, 9,100EUR, CNRS, France.

2025–2030 Caucasian Language in Georgia International Research Network. Co-PI with Léa Nash. 70,000EUR, CNRS, France.

2025–2027 Etoile montante scheme (CrossPlur project), PI, 64,500EUR, Pays de la Loire region, France.

2025 Summer school organization grant. PI, 14,550EUR, Van Riemsdijk Foundation.

2025 Ecole thématique grant. PI, 9,100EUR, CNRS, France.

2024 ERC preparation grant. PI, 6,000EUR, INSHS, CNRS, France.

2023–2025 PULSAR scheme (MorSemTyP project), PI, 20,000EUR, Pays de la Loire region, France.

2020–2025 Comparative morphosemantics of plurality in Hiaki and Seri. Scientific co-lead with R. Henderson and H. Harley, 448,980USD, project #1945641 National Science Foundation, USA.

Publications

In preparation

Verbal pluractionality in Seri (with P. Cabredo Hofherr).

Peer-reviewed papers

submitted Inflection class proliferation as a consequence of feature expansion (with M. Baerman and H. Sims Williams).

submitted Adaptive analogy in Word-and-Paradigm morphology (with M. Baerman and H. Sims Williams).
